Texas First Rentals and Holt Crane & Equipment are now authorized dealers of Magni Telescopic Handlers, manufacturer of rotating and heavy lift telehandlers. The new product line will be available at Texas First Rentals and Holt Crane and Equipment locations throughout their 118-county territories in Texas.

Magni's rotating telescopic handlers (RTH) are versatile and flexible machines that can be used for many applications and equipped with various accessories such as forks, winches and platforms. Users benefit particularly from the 360° rotation of the RTH. All Magni lifts have a patented load control system that detects the risks of overload during use and inhibits further aggravating movements.

“Our investment in Magni products signifies our commitment to providing diverse products to meet the needs of our customers,” Texas First Rentals senior vice president Don Myrick said. “Magni's Rotating Telescopic Handlers will make a valuable addition to our rental fleet. Whether you're on a construction site, in a manufacturing facility, or on a mining location, these telehandlers are ready for any application.”

“Magni is excited to welcome Texas First Rentals and Holt Crane and Equipment to our dealer network and we look forward to working with them to bring our rotating and heavy lift telehandler to their customers in the Texas market,” said Joe Leinwol, chief sales officer at Magni America.

Magni Telescopic Handlers will be available for rent and purchase at Holt Crane & Equipment locations in Houston, Dallas and San Antonio. In addition, Texas First Rentals has more than 20 locations that will rent and service the Magni equipment line.

“At Holt Crane and Equipment, we look for partners that align with our core values,” said David Worsham, general manager of Holt Crane and Equipment. “Magni's commitment to quality and safety ensures that our customers are getting superior products backed by our legendary customer service. Our partnership with Magni further strengthens our commitment to the success of our customers.”

“Texas First Rentals and Holt Crane and Equipment's deep commitment to customer service is a cornerstone of Magni's philosophy, making them the perfect partner to help grow the Magni brand in the state of Texas,” said Robert Cloud, the South Central regional sales manager for Magni America.
